## WEATHER FORECAST

Mostly sunny  
with occasional clouds;  
Temperatures  
reaching ultimate highs  
in June of '83.

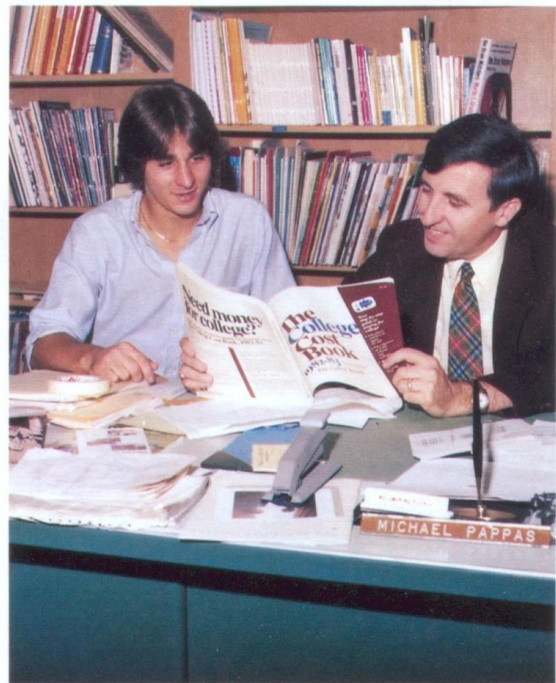

When we entered the newsroom as cub reporters four years ago,

we were each faced with gathering information, meeting new people, learning the facts, and choosing reliable sources.

We were eager to write our first story, but were confused about which leads to follow.

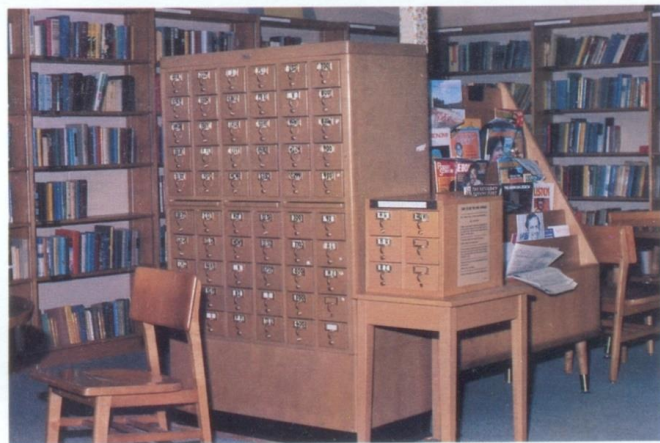

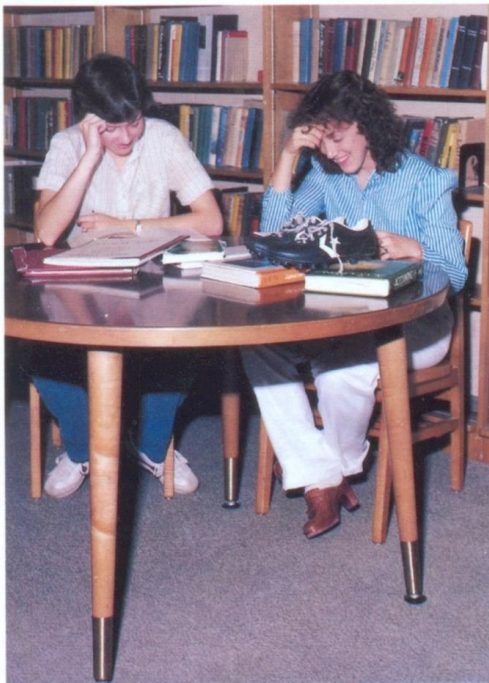

In our search for  
the facts we  
contacted many  
sources

and ultimately reported  
stories filled with  
leadership, integrity,

scholarship, failure, optimism,  
and sportsmanship.

Many deadlines have passed since that first story.

Sometimes we have had to sacrifice our independence

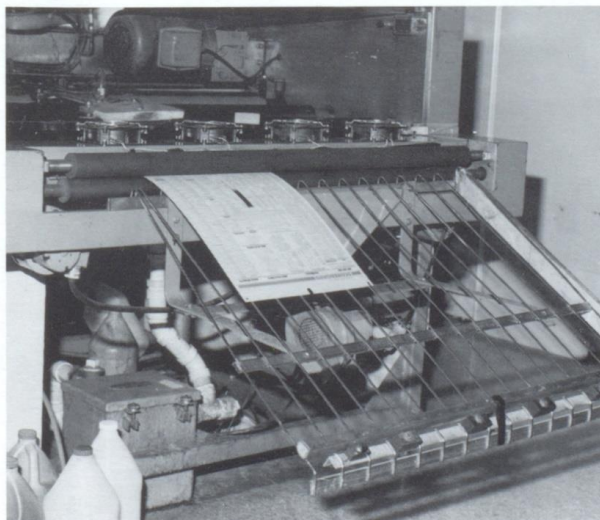

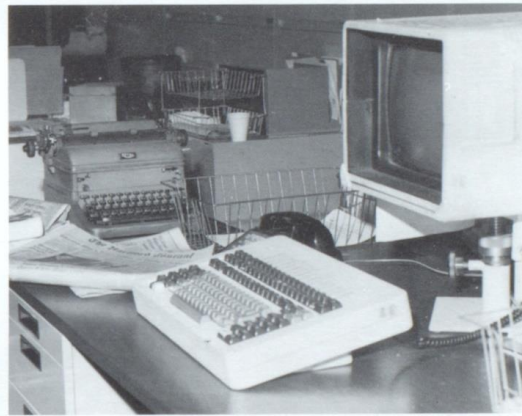

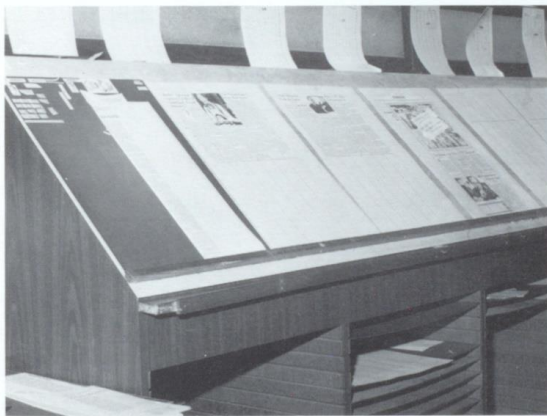

Some of our stories have been more successful than others.

and seek the assistance of  
our editors,

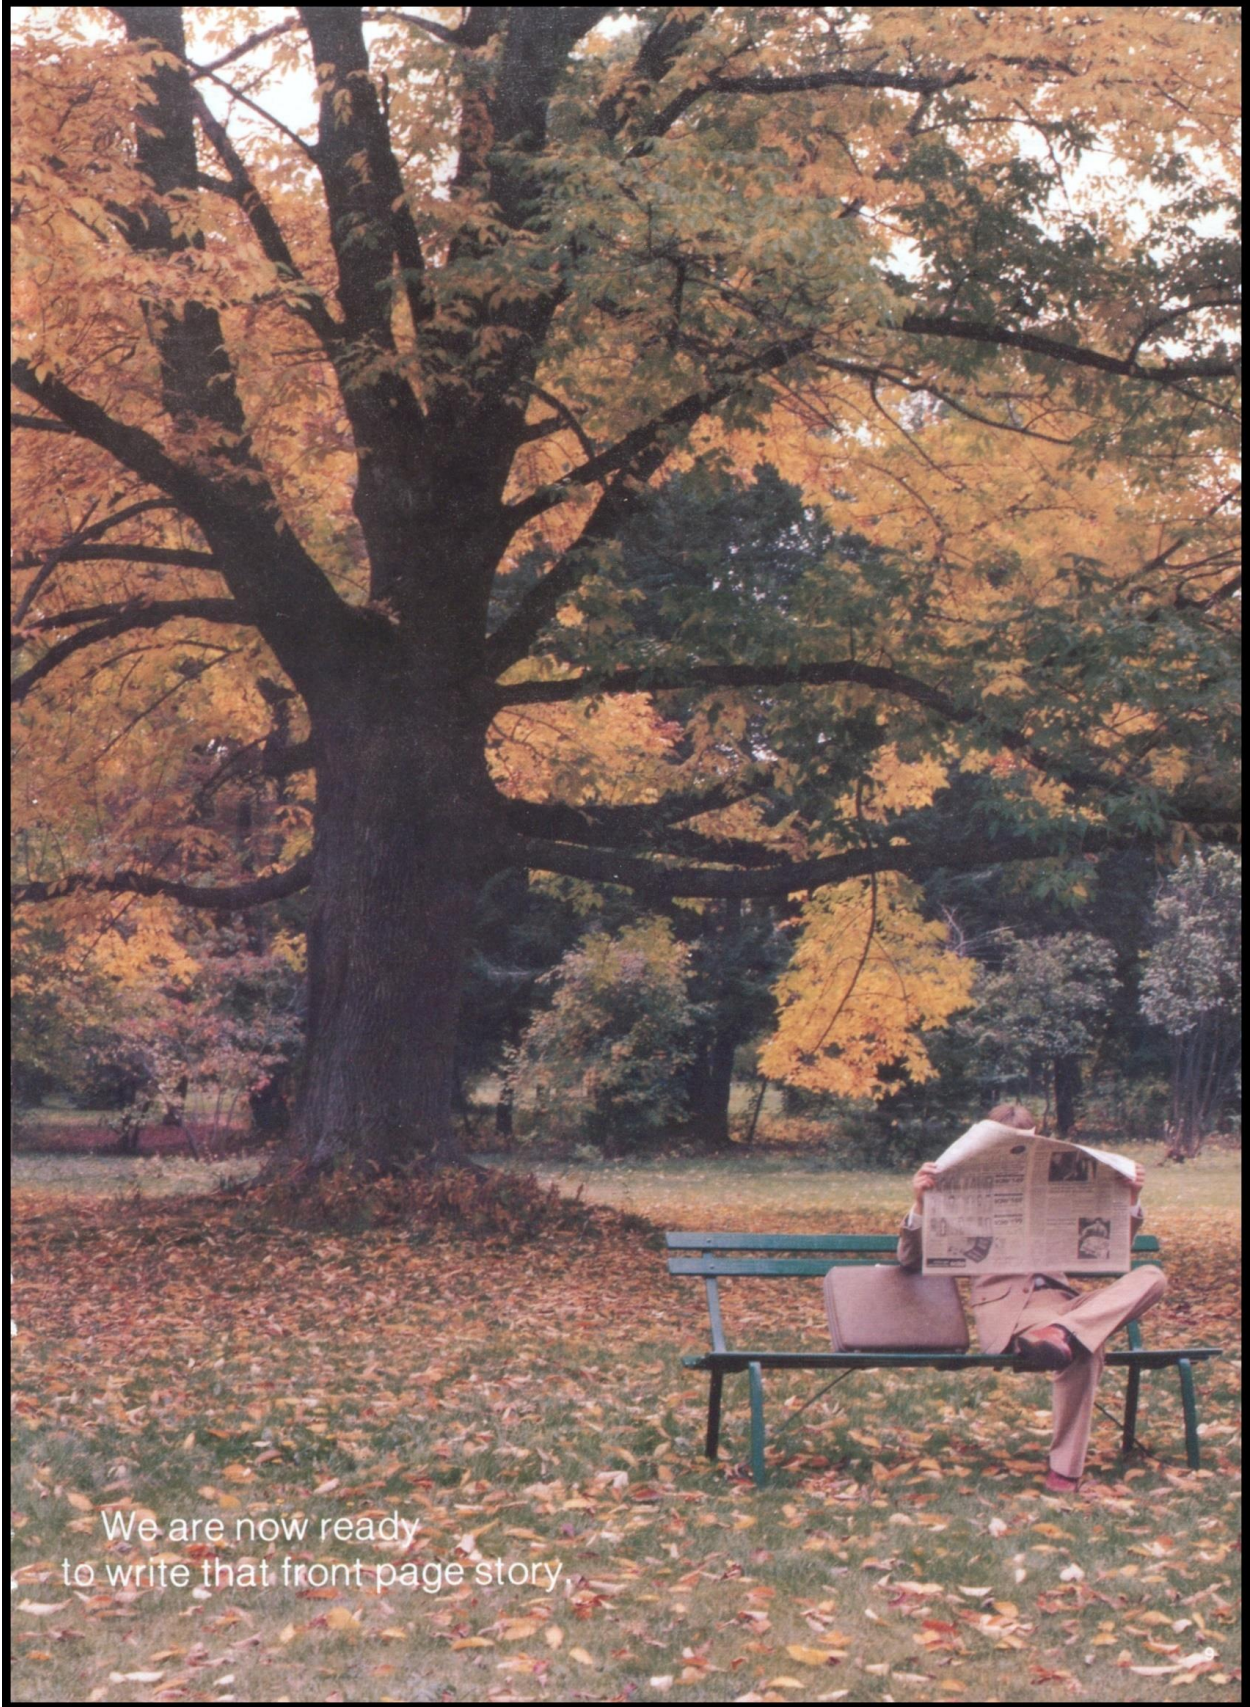

who were always ready to  
guide us in the right  
direction.

We have done our research, learned the trade and improved our techniques. Deadlines no longer frighten us; we are secure in the knowledge we have gained and in the personal standards we have established.

We are now ready  
to write that front page story.

## SOCIETY PAGE

As we approach our final deadline here, we realize how much easier he has made our stay. Instrumental in the writing of our diverse stories, he has helped us sort the facts and has, indeed, been one of our best sources. For all his support, we dedicate our yearbook to

Mr. George Anastasia

**In memory of our friend and classmate**  
***Katherine A. Frechette***

She impressed those of us who knew her with her caring smile and willingness to help others. Kathy will always be remembered for her enthusiasm and genuine warmth, which added friendship and laughter to our lives.

Compliments of W. Ouagliaroli/Evergreen Tree Service 13

## EDITORIAL COMMENT

When we started out in WLHS we were unsure of ourselves and our dreams. We found it necessary to reach out for assistance to help formulate our goals.

As our time here grows shorter, we have begun to extend ourselves into the world so that we might further our hopes and successfully accomplish our dreams. Although we have encountered trying times, we now hold our share of memories filled with laughter and joy.

We realize that it was our individual integrity and ambition that made our years here complete and successful.

I would like to wish each member of the 1983 graduating class a prosperous and rewarding future.

Good luck and God Bless.

*Lynn*

Up to now, we have been dependent upon others for guidance, advice and a sense of direction for our lives. Our parents were always there to offer encouragement to try new things even if we might not succeed. Teachers, clergy and friends were within reach for moral support, career choices and just to listen when we had a problem.

We realize it is now time for us to be strong enough to make our own decisions and accept responsibility for them.

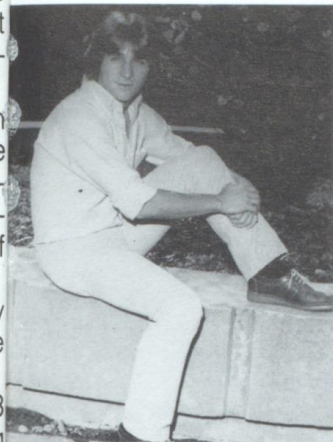

Graduation is a major turning point in our lives. It is not the end, but rather a new beginning. It is a chance for us to say "Thank you" to all those who have helped us and to make them proud of what we have become.

*Brenda*

## The Missing Ingredient

In a sprawling, bustling building,  
combine:

- 1 office manager
- 1 superficial secretary
- 1 "keeper of the keys"
- 1 dependable friend
- 1 senior class "problem solver"

To the above,  
gently fold in:

- a generous  
amount of love and  
devotion
- endless dabs of  
time and patience
- a smiling face  
and cheery  
disposition

Blend all the above  
ingredients and  
simmer slowly for  
24½ years.

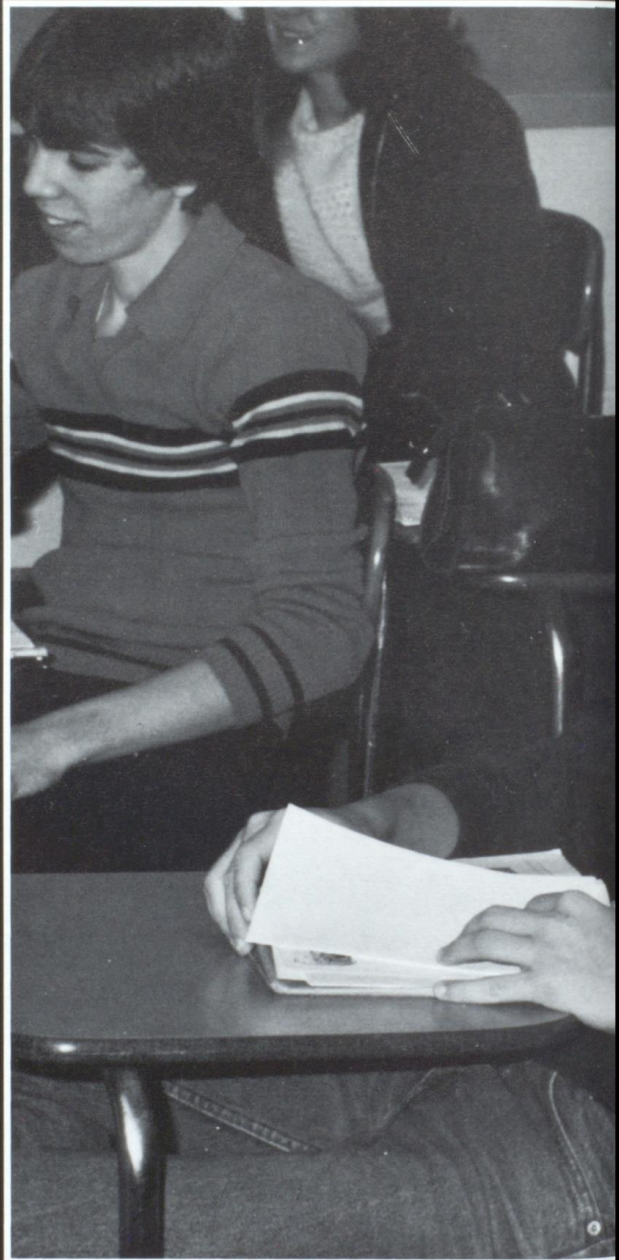

The result is a  
delightful and unique  
confection called  
Mrs. Ruth Smith.

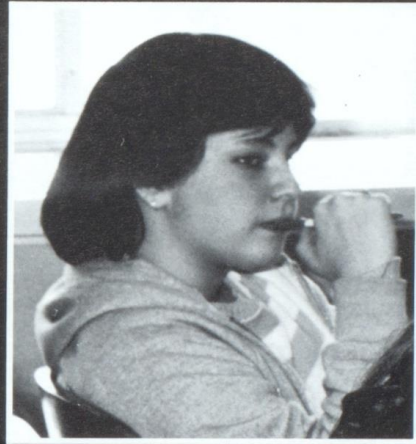

Mrs. Smith,

This recipe will never again  
be duplicated here at WLHS  
because you'll always be *the*  
*missing ingredient.*
